2. Make sure your job have **No Supp Quote** in it yet

3. Login into your AudaNet System with your account at:
<https://audanet.audatex.com.au>
4. Search for your claim, and make sure its status is **“Authorised”**

The screenshot shows the AudaNet interface with a dark header bar. The header contains the AudaNet logo and navigation tabs: 'OPEN' (with a notification icon), 'CLOSED', 'UNREAD', 'MESSAGES', 'HISTORICAL RECORDS', and 'ALL REPAIR ORDERS'. Below the header is a 'CALENDAR' section. A table displays a list of claims with the following columns: Claim Number, Vehicle Owner First Name, Vehicle Owner Name (with an upward arrow), Plate Number, Business status kind, Progress (indicated by four orange dots), Estimated Car Arrival Date Time, and Last Calculation Grand Total. A red annotation with the text 'Make sure the status on your claim is "Authorised"' has a red arrow pointing to the 'Business status kind' column, which contains the value 'Authorised'. This value is also circled in green.

| Claim Number | Vehicle Owner First Name | Vehicle Owner Name ↑ | Plate Number | Business status kind | Progress | Estimated Car Arrival Date Time | Last Calculation Grand Total |
|--------------|--------------------------|----------------------|--------------|----------------------|----------|---------------------------------|------------------------------|
| | | | | Authorised | ●●●● | | 4 |

5. Now Go back to Crashzone Detail Page, Click on **“Authorised Audanet”** button
6. Click OK, now you will notice a new note at Crashzone bottom page
7. Now, click on **“Audanet”** button, wait until CZ auto refresh the page, 2 New Notes appear at the bottom, 1 for backup your old quote, 1 for the authorised message

The screenshot shows a software interface with several sections: Owner, Vehicle, Insurance, Rates, and Invoice. The 'Rates' section contains fields for RR, Repair, Paint, Part Markup, and Body, along with dropdown menus for NTAR and LTAR vehicle lists. The 'Invoice' section has a 'Create tax invoice \$3,871.24' button. A 'Note' section at the bottom displays a list of messages.

Step 5: A green box highlights the 'AudaNet' and 'Authorised AudaNet' buttons in the Rates section. A green arrow points to the 'Authorised AudaNet' button, and a green callout box contains the text: "Step 5: Click on this to set CZ State to import Authorised".

Step 6: A red box highlights the 'AudaNet' button. A red callout box contains the text: "Step 6: Click on AudaNet button when you already done step 5 and seen the note at step 6".

Step 7: A red box highlights the 'AudaNet' button. A red callout box contains the text: "Step 7: Click on AudaNet button when you already done step 5 and seen the note at step 6".

V. Download an Authorised Supp Quote from Audanet

1. Go into the View Page of the job you want to download from AudaNet
2. Make sure your job **have a Supp Quote** in it already
3. Login into your AudaNet System
4. Search for your claim, and make sure its status is **“Supp Authorised”**

The screenshot shows the AudaNet interface. At the top, there is a navigation bar with the AudaNet logo and several menu items: "OPEN 1", "CLOSED", "UNREAD", "MESSAGES", "HISTORICAL RECORDS", and "ALL REPAIR ORDERS". Below the navigation bar, there is a "CALENDAR" section. The main content area displays a table with the following columns: "Claim Number", "Vehicle Owner First Name", "Vehicle Owner Name ↑", "Plate Number", "Business status kind", "Progress", "Estimated Car Arrival Date Time", "Last Calculation Grand Total", and "Assessor Last Name". A green circle highlights the "Business status kind" column, and a green arrow points to the value "Supp Authorised" in the first row. A red text annotation above the arrow reads: "Make sure your claim status is 'Supp Authorised'".

| Claim Number | Vehicle Owner First Name | Vehicle Owner Name ↑ | Plate Number | Business status kind | Progress | Estimated Car Arrival Date Time | Last Calculation Grand Total | Assessor Last Name |
|--------------|--------------------------|----------------------|--------------|----------------------|----------|---------------------------------|------------------------------|--------------------|
| | | | | Supp Authorised | ●●●● | | | |

5. Go back to Crashzone Detail Page, Click on “**Authorised Audanet**” button
6. Click OK, now you will notice a new note at Crashzone bottom page
7. Now, click on “Audanet” button, wait until CZ auto refresh the page
8. 2 New Notes appear at the bottom, 1 for backup your old quote, 1 for the authorised message

The screenshot shows the 'Rates' section of the Crashzone Detail Page. The 'AudaNet' button is circled in green, and a green arrow points to it from a callout box that says: "Step 5: Click on this to set CZ State to import Authorised". Another green arrow points to the 'Authorised AudaNet' button. Below this, a red callout box says: "Step 7. Click on AudaNet button when you already done step 5 and seen the note at step 6".

The 'Note' section at the bottom shows two messages:

- 18/37/2017 11:37:42 . Quote: 10719.0000 was backup before import with authorised message [View](#) 18/01/2017 11:37
